

THE SF660

Our vision is your dream. "Style, functionality, cockpit space," this superb craft has it all. Family boating pleasure is right here, with all tastes well and truly catered for, and don't forget "THE RIDE". The Haines Hunter SF660 is a new boat, designed and built from scratch. The hull is a completely new development. The 21 degree deep V that is the standard for Haines Hunter has been taken to a new level that provides maximum beam aft (for stability and fishing room) combined with a totally new approach to the forward sections. The fine entry provides softness in the ride. Add our famous planing strakes that provide maximum lift for performance and dryness and we have "the ride" that only Haines Hunter boats share. The pedigree of this design exhibits superb, vice free handling without the need for big horse power. Inside the boat is big, very big with huge cockpit space for fishing or diving and no compromise for family comfort. Available with the conventional fold back canopy or the optional factory Sport Fishing Bimini Top complete with rocket launchers. This boat has excellent seated visibility with all driving & electronics functions at your fingertips. Spend some time and enjoy a thorough look at this all new Haines Hunter SF660, it's a beauty.

Supported by our 5 year structural hull warranty. Haines Hunters are amongst the most sought after craft in New Zealand. Our attention to detail ensures that each hull exhibits maximum strength and performance.

All mouldings are completed in a temperature and humidity controlled environment using resins, gelcoats and glass fibre to internationally recognised standards.

HULL STRUCTURE

Completely hand laid using:

- Isophthalic gelcoat & resin system for extra strength and water resistance.
- Multi-layered chopped strand mat with woven rovings
- Tanalised pine longitudinal girders
- Marine grade hardwood ply transverse bulkheads
- Marine grade hardwood ply transom

DECK STRUCTURE

- Isophthalic gelcoat
- Orthophthalic resin system, gunstock and coremat
- Tanalised pine deck beams

NOTE

Specifications and equipment may change at any time without notice. Photographs shown may include non-standard extras. Please consult your Haines Hunter Dealer for specific model information. Gelcoats used are of the highest standard. The product is however subject to the effects of ultra-violet and some colour change will occur. It is recommended that a polish with a U.V. inhibitor be used to protect the surface.
